

CMS15687 HFX Drill Head Chain Tensioner KIT

CMS15691

CMS15690

CMS15687 is a chain tensioner and TSRU Drill head retainer assembly for typical HFX drill rigs, used to mount the TSRU to the feed cylinder slides.

One CMS15687 assembly is required for each Drill.

CMS15687 is typically used in conjunction with CMS15688 HFX TSRU Standoff Plate.

CMS15687 kit includes one each of CMS15691 + CMS15690 and all necessary seals, wear-strips and O rings.

Replacement seals wear-strips and O rings are available as a kit CMS15692

CMS15691 HFX Drill Head Chain Tensioner Left Hand Side

CMS15690 HFX Drill Head Chain Tensioner Right Hand Side
